Finely dispersed, aqueous dispersion of an acrylic ester-styrene copolymer. The dispersion contains an anionic emulsifier system, is free from film forming aids, APEO, solvents, plasticizers and ammonia.

REVACRYL AE 4625 is a standard MFFT styrene-acrylic dispersion. It shows good exterior durability and very good blocking- and water-resistance. It is highly recommended for exterior wall paints. Due to high saponification resistance it is suitable for silicate paints.

### Property | Typical Value | Unit | Method¹
--- | --- | --- | ---
Total Solids | 50 | % | ISO 3251
pH | 7.5 | - | ISO 976
Viscosity @23°C | 500 | mPa s | ISO 3219
Tg | 22 | °C | 
Minimum Film Forming Temperature (MFFT) | 18 | °C | 
Ionic Character | anionic | |

¹ internal method based upon the specified norm

### Key Advantages
- Good blocking performance
- Very good water resistance
- Highly recommended for exterior wall paints
- Very good scrub-resistance
- Very good saponification resistance
- Suitable for silicate paints
- Good exterior durability and UV resistance
- Low dirt pick-up
- APEO free

### Shipping and Storage
This product is supplied in road tankers or in non-returnable plastic drums secured by a lid with clamping ring or in non-returnable palletized bulk containers (net volume 1.000 lt). The product must be protected from frost and exposure to direct sunlight. Storage temperatures between +5 °C and +30 °C are recommended. The product contains in-can preservation to protect it against microbiological attack during transportation. For protection against microbiological contamination during storage stringent plant hygiene is essential. Depending on the storage conditions addition of suitable preservatives may be necessary. Care must be taken that drums and containers are properly closed. During storage, shipping and handling contact with metal surfaces that are not corrosion protected must be avoided. When stored properly, the product has a shelf life of 12 months from the date of delivery.

### Product Safety
Before handling, please read the Safety Data Sheet of this product for advice on safety, use and disposal.
